Hi Nour,

thanks for putting this together, and for your hard work advocating and marketing for our business membership downtown.

I look forward to a shift in Council and City internal machinations that facilitate the DBIA instead of frustrate.

See you around!

Dear candidates,

On behalf of the Peterborough Downtown Business Improvement Area (DBIA), congratulations on your candidacy in the upcoming municipal election. Our BIA proudly represents the businesses and property owners within our district and partners with the municipality to support economic development, vibrant public spaces, and a thriving Main Street for residents, businesses, and visitors.

As BIAs are self-funded local boards of Council and must remain non-partisan, we share our priorities through our strategic plan. We invite all candidates to review these priorities and share how they would support them if elected.

We based this questionnaire on the four pillars commonly associated with successful BIAs across Ontario: Marketing, Communications & Events; Economic Development; Leadership Development; and Public Space Management & Operations. We would appreciate receiving your responses by September 27. We will share your responses with our members and the community to help them better understand candidates' perspectives on DBIA issues.

Thank you for your time and your interest in supporting our local business community. If you have any questions or concerns please reach out to me directly.

Sincerely,
